This is everything you need to know about our firm :

At Relent, our aim is to seek and build solutions that can best fulfill the client's unique business goals.

Since 2010, we have provided premium website designing and software development to many companies around the world. With a unique focus on building strong, collaborative relationships with clients, we have created a solid reputation for exceeding our client expectations with quality work and fast delivery turn-around.

When you partner with us, you will work with the highest-quality development talent and project managers.

We are a professionally recognized website designing and software development company having huge experience in developing corporate websites and CMS (Content Management Software), best match to customer's need and requirements.

We have expertise in working with a variety of customers from large companies to individuals.

Our successful assignments with client companies have established our reputation as superior providers of IT products & services.

We understand that our clients have different sized enterprises at different stages of life. Some are new and emerging, others well established. Some have large budgets, whilst others operate with more of a 'shoe-string' approach. We're flexible - and we'll help you work out what needs to be incorporated within your project to build your business with whatever resources you have available.

With our efficient web development services, we'll be able to build a successful product from scratch or update the performance of an existing one. Our design and development team provides end-to-end website creation and app development services.
